Will Tear Away Old Street Bridge

The regular fortnightly meeting of the town council was held tonight, Mayor Ewan and Councillors McLeod, Montalbetti, McDonald and Morency, and Secretary Wright being present.

The minutes of previous meeting were on motion approved as read, and a number of small accounts were passed for payment.

The following communication was received from the secretary of the Crows' Nest Pass National Highway Association.

Blairmore, Alberta, April 10th, 1919

Gentlemen:

I am enclosing herewith copy of full proceedings of Convention called on April 2nd last in connection with the routing of the proposed Canadian National Highway through this district.

In order to keep this matter alive and before the responsible heads of the governments concerned, and the interested public, it was decided that the Crows' Nest Pass National Highway Association be formed, to be composed of Boards of Trade, Rotary Clubs, Auto and other associations. It was also the feeling of the Convention that, in order to help boost the good work, City, Town and Village Councils, also Rural Municipalities along the proposed route of this highway be asked to lend their moral and financial assistance to this Association.

After perusal of the attached proceedings, you will see that an amount of \$170.00 was guaranteed by some of the delegates on behalf of their associations, but it was felt as expressed in Mayor Hardie's motion, that as the object of the Association will be of benefit to all communities along the Crows' Nest Pass, there would be no objection to contributing a nominal sum to this cause.

In accordance with the above motion, therefore, might I suggest that the sum of \$10.00 would not be too much for your Town Council to contribute to the funds of this Association, and I would be glad to hear from you in this connection.

CROWS' NEST PASS NATIONAL HIGHWAY ASSOCIATION.

For J. B. Smith, Secretary-Treasurer.

Councillor Morency registered opposition to this national highway scheme, and felt that there were ways in which the Town of Blairmore could spend money to greater advantage. All other councillors and the mayor were, however, inclined to favor the project by granting the small assistance asked for, but the matter was tabled until next meeting to be acted upon by the full council.

In connection with the account of the West Canadian Collectors for high service, on action by Councillors McDonald and Montalbetti, Mayor Ewan, Councillor McLeod, and Secretary Wright were appointed a committee to interview the general manager, Mr. J. Charbonnier, and report at next meeting.

A petition was presented from residents of Eighth Avenue North, praying that a street light be installed for the benefit of that locality. The matter was left with committee to act upon, if necessary, and to report at next meeting.

Councillor Morency, in behalf of residents of the Pelletier Addition, asked that plank sidewalks be installed in that section. Also, residents of the north side asked that sidewalk be extended from the Cosmopolitan hotel to the Sixth Avenue bridge for the benefit of north side residents and men travelling to and from Greenhill. Committee will report at next meeting.

Councillor McLeod asked as to whether or not the Board of Health were attending to their duties and were informed by the mayor that the board was taking steps to enforce the cleaning up of all premises that would appear a menace to the public health.

Mr. Putnam presented a statement in connection with the action of Mary Thomas vs. the Town of Blairmore, showing that action in this case had been withdrawn, and that the town's original offer in settlement had been accepted. The solicitor's fee in this case was covered by the retainer.

Mr. Putnam, for the benefit of the council and to set aside any misapprehension or misunderstanding that may have arisen in the minds of the council or the public, explained his position with the town when dealing with cases under the criminal code of Canada, which was beyond the jurisdiction of the town. As town solicitor he would defend the town in any action taken under the town by-laws.

On motion it was decided that the bridge crossing Lyon Creek at Edmunston Street, which has been in a dangerous condition for some time past, be torn away immediately.

Farewell to Inspector and Mrs. Jungett

A pleasant event took place at the residence of Inspector and Mrs. C. Jungett on Wednesday night, when about forty young people gathered to bid them farewell on the eve of their departure for Fernie, where they will in future reside, and where the Inspector will have charge of the Kootenay division of the Royal Northwest Mounted Police. Following a short per-

iod of dancing, the following address was read by Miss A. Roope, and Mrs. Jungett was presented with a beautiful ivory net.

Blairmore, Alberta.

April 23rd, 1919.

Dear Mrs. Jungett,

President of the Girls' Club.

On the eve of your departure from Blairmore, we, the undersigned members of the Blairmore Girls' Club, wish to express our deep appreciation of your services as our very efficient President, and also of the kindness and sympathy you have always shown as the personal friend of every one of us.

You have done your utmost by tactful help, wise counsel and timely encouragement to further the ends of our society, and if we have accomplished anything worth while so far it is in a great measure due to your help and inspiration.

Your home was open to us at all hours for our meetings and you never allowed us to feel that we came inopportunistly or caused you the slightest inconvenience.

Your departure from our midst will leave a vacancy hard to be filled. We have one consoling thought and that is that although leaving us the distance will not be so great but that we may hope to see you frequently among us.

We wish you every happiness in your new home and beg you to accept the accompanying gift as a token of our heartfelt esteem and affection.

Trial of Ex-Kaiser Not For Belgium

Paris. — The Belgian delegation at the peace conference informed the correspondent that Belgium had not been officially requested by the council of four to bring the former German emperor to trial, and that the Belgian government would feel obliged to decline to take the steps even if there were any request for such action.

The Belgian delegates hold that any action should be taken by a commission representing all the associated powers. The official Belgian view, it was said, is that the former emperor cannot be arraigned for declaring war or violating the neutrality of Belgium, or for any act preceding or coincident with the declaration of war.

After pointing out that there is no tribunal competent to hear such charges against the former emperor and no provision of international law covering such cases, the delegates said that Belgium expects that persons guilty of acts punishable under the criminal code of the belligerent powers should be placed on trial, as theft, murder and other crimes committed during the war does not relieve the criminals of responsibility.

"If the commission desires to arraign General Baron von Manteuffel for the sacking of Louvain, General von Schroeder, for the murder of Captain Fryatt and General von Sauerberg for the execution of Miss Edith Cavell, all the necessary documents will be forthcoming," said the general secretary of the delegation. "But Belgium does not seek revenge. It wants only justice. It would be small satisfaction to lock the emperor up for a few months in the Saint Gilles prison and those who have reported that such revenge has been offered Belgium as a solace for her wrongs, have sadly misunderstood the Belgian character, if they thought it would be acceptable."

"The only case in which the personal responsibility of the former emperor for a criminal action committed in Belgium could be established beyond doubt, is in the atrocities attending the deportations of civilians and compelling them to do forced labor in Germany. In this case, his responsibility is unquestioned."

Where They Belong

Over Two Hundred German Submarines at Bottom of Sea

New York. — Rear Admiral Sims, who commanded the United States fleet during its war time activities in European waters, said that he believed there were "205 German submarines at the bottom of the sea." In a speech at the Bond club, a Victory Loan organization, he said: "The fleet found many submarines stuck on the bottom with indications showing that many of the men caught inside either committed suicide or killed each other."

Quiet in Odessa

Athens. — There had been no disorders in Odessa since its evacuation by allied troops.

Holland Fears Bolshevism

German Border Strengthened to Prevent Smuggling of Munitions

The Hague. — The frontier guard along the German border has again had to be strengthened because of the efforts made by Bolsheviks to smuggle arms and munitions to Holland. Ten Germans were arrested and twenty who were trying to come into the country were turned back. Every traveller who enters Holland is searched in Amsterdam. There is much interest in Amsterdam due to the demobilized soldiers, who, without a recognized leader come together daily and parade through the principal streets. While the police are engaged in trying to disband them other disorderly crowds raid shops elsewhere. Jewelry valued at hundreds of thousands of dollars have been looted. In almost every case the windows are first smashed and then when the storekeeper runs out to see what is happening he is caught and held by the mob while his shop is robbed. Others hastily put up their shutters when they see bands of men and boys approaching.

Anarchy in Munich

Robbers are Looting Houses and Threatening Banks

London. — Complete anarchy reigns in Munich, according to a Copenhagen dispatch to the Exchange Telegraph. All work has ceased. Trains are not running, and robbers are looting houses and threatening the banks, the dispatch states. The first infantry regiment is said to have joined the Spartacists.

Copenhagen. — German government troops have occupied the entire town of Magdeburg, according to a Weimar dispatch to the Lokal Anzeiger of Berlin. It is reported there was hard fighting, with many casualties on both sides.

Threaten to Use Force

Czech Forces Concentrated at Ostrova

Warsaw. — Advice from Cracow state that Czech forces have been concentrated at Ostrova and Dabrowa in Silesia, close to the line of demarcation between Czech and Polish armies in that region which was faced by the allied mission sent there. It is said that the Czechs have announced that they will settle the frontier question by force of arms. A Czech detachment is said to have entered Polish territory at Lutynia, where it clashed with a Polish force, several Poles being wounded.

Greek Canadian Trade

London. — Reuter's learns, in connection with Canadian trade developments in Europe, that a Greek commercial commission is leaving Athens at an early date for Canada to ascertain the extent to which Canadian industries supply Greek requirements and to arrange preliminaries for placing Greek orders in Canada.

Raw Materials For Germany

May Be Allowed Before Peace Treaty Becomes Effective

Paris. — The council of four of the peace conference went into session with the question of the Adriatic again before it for consideration. Arthur J. Balfour, British secretary for foreign affairs, took the place at the council session of Premier Lloyd George, who has gone to London.

The supreme economic council is considering the question of permitting Germany to have certain raw materials before the peace treaty becomes effective with a revision of the blockade regulations to that extent, and it is understood the prospects are good for favorable action. The economic council members are also considering a plan for the conservation of Italy's coal supplies. Belgium has been asked to name a delegate to sit on the economic commission.

German Officers Will Demobilize

Berlin. — It is officially announced that German officers will be demobilized and will formally leave the army when the war ministry is able to lighten the economic difficulties incident to their transfer to civil life.

Trade Outlook Bright

Market is Opening for Sale of Canadian Products

Ottawa. — A cablegram to the Canadian trade commission in Ottawa from the Canadian mission, London, states that there is a promising outlook for the sale of Canadian products, especially of foodstuffs in Scandinavia, Denmark and Holland.

Import regulations for these countries have been undergoing considerable revision. Guarantee as to destination of imports into those countries, it is understood, must be furnished by consignees, but on this point there is little difficulty, and the supplies are for home consumption.

Considerable quantities of foodstuffs have been consigned especially to Denmark within the last month, such as wheat, flour, oils and pork products. Permits will be granted freely.

No Russian Approaches

London. — In answer to a question from John E. Clynes, a labor leader, whether approaches for peace have come from the Russian government, the premier said: "We have had no approaches of any sort or kind. None has been put before the conference."

Turkey May Start Next World War

Wants Treaty Revised

Demands Annexation of Land in Rhine Province

Paris. — The council of four took up the request of Belgium for a revision of the treaty of 1839 and Belgium's demand for the annexation of Malmédy, in the Rhine province of Prussia, southwest of Aix-la-Chapelle, and Morenet, a small section of No Man's Land, the disposition of which was left undecided at the Vienna conference. It lies between the Belgian province of Liege and the Prussian Rhine provinces.

Until the outbreak of the war, Morenet enjoyed the unique position of being without either a government or national allegiance. Its residents served in no army, paid no taxes and had no such modern institutions as railroads, posts and telegraphs, depending on such accommodations as were provided by adjacent countries. The only government consists of a municipal administration.

London. — There will be another world war beginning in June, 1926, according to a writer in the British Journal of Astrology. This prophet, who signs himself "Separal," asks for a serious hearing, inasmuch as he claims to have published a year in advance, in each case, the exact date of the war of 1914 and of the cessation of hostilities.

"The first phase of the next war," he writes, "will begin with Turkey, whose perfidy will lead to its final overthrow in 1921-22. At this time Prussian intrigue will dominate the position in the near east, affecting Greece, Turkey and Russia. But, according to my calculations, the great crisis will not be reached until June, 1926."

"In this great war, which may be regarded as Prussia's counter to the war of 1914-18, the malevolent forces take their rise in Vienna and Berlin, ascend to Petrograd, penetrate through the whole of Russia and descend, via the Black sea and Turkey in Asia, on to Syria and Palestine."

Another allied victory is predicted by "Separal."

Say Huns Must Be Punished

Resolution Signed by 5,000,000 United States Women

Paris. — Premier Clemenceau received from Mrs. Charles H. Farnam, of New York, the representative of the committee for the protection of women under international law, a resolution signed by 5,000,000 United States women relating to crimes against women committed by the Germans and their allies during war. The resolution denounces the German attack on humanity through womenkind as "infamous and sinister."

Super-abundant proof exists, the resolution says, of the crimes which the armies of the central powers perpetrated against women in all the countries they invaded.

Demand is made that all officers, soldiers, and civilians belonging to the armies of the central powers who perpetrated any crime against women, or girls in any allied country, should be punished if possible. And that steps should be taken to prevent such outrages in the future.

Peace Treaty in Two Parts

Paris. — The peace treaty will be divided into two parts, according to the latest information in the French press. The first part will concern Germany and will include a clause by which she will pledge herself to comply with all agreements to be concluded with her former allies. The second part will not concern Germany directly and will be signed only by Austrian, Bulgarian and Turkish delegates.

Another German Strike

Bremen. — A general strike has been proclaimed here. It is effective in most of the large works and on the tramways. The gas and electric lighting systems, however, are operating.

Nova Scotia Man Is Enthusiastic

For Dodd's Kidney Pills Have Made Him Well

A Year of Growing Kidney Trouble through the Grippe Disease had He Found a Help in Dodd's Kidney Pills.

Belleville, Yarmouth Co., N. S. April 21st. (Special). — "You can tell everyone that it was Dodd's Kidney Pills that made me well. I was the joyful remark of Mr. Alcide Meuse, a well-known and highly-respected resident of this place. My kidneys were suffering for a year from kidney trouble, I was in the grippe of Dodd's Kidney Pills. For months I was ought to use them all the time," he says. "Then he gives the reasons for my enthusiasm."

"I first caught a cold," Mr. Meuse states, "and kidney trouble followed. I was alone and always in my bed, was puffed and swollen, and I had dark circles around them. I was often dizzy and dizzy. I was often sick and burned at night. I was troubled with nervousness and my back ached."

"I had cramps in my muscles, backache and headache. Then Bright's Kidney Pills came. I took them for a year from kidney trouble, I was in the grippe of Dodd's Kidney Pills. For months I was ought to use them all the time," he says. "Then he gives the reasons for my enthusiasm."

Some men are so self-confident that they are unable to distinguish between a cheer and a jeer.

LET'S WAKE UP!

Our town should wake up to the fact that some one else is occupying the seat that really belongs to us. This intruder represents out-of-town houses that take away business that should go to our own merchants. When will our town wake up? As long as we remain asleep the intruder will keep his place. Only when we decide on the policy of co-operation are we fully awake. We have seen the havoc and ruin of neglected home interests. Now is the time for co-operation. "If you buy out of town and all of our neighbors buy out of town, what in thunder will become of our town?"

Coming to Canada

Rumanian Ship Has Sailed Under Recent Trade Agreement

London. — Reuter's learns that a Rumanian steamship has left Liverpool for Montreal to load goods supplied by Canada to Rumania under the recently signed agreement.

Mr. Lloyd Harris, chairman of the Canadian trade mission, has left Paris, where he intends to investigate Belgian requirements with a view to ascertaining what Canada would be able to supply and thus help in the work of restoration.

Relief Force for Russia

London. — News from North Russia is that the situation in the Archangel area has been considerably improved by reconnaissance against the Bolsheviks. The announcement that a relief force will shortly proceed to the front has had a marked effect on the spirits of the allied troops.

The most critical period, however, has not yet been reached, but it is believed that if the relief force is dispatched as soon as open water is available, the needed relief will be successfully accomplished. Meanwhile recruiting for the relief force is proceeding throughout Great Britain.

Flu Holds Up Shipping

Melbourne. — The commonwealth government has decided to prohibit the movement of all shipping from Australia ports in consequence of the severity of the influenza epidemic in Australia and New Zealand.

Playing with loaded dice is shaky business.

NEGLECTED COLDS

Lead to Consumption

Unless a complete cure is effected the inflammation passes rapidly to the throat, bronchial tubes, and then to the lungs. You can't make new lungs any more than you can make new fingers or a new nose—hence consumption is practically incurable. But Catarrh can be cured, except in its final and always fatal stages.

Catarrhzone

Guaranteed to Cure

The purest balsams and the greatest antiseptics are sent to every spot where catarrhal trouble exists—germs are killed, foul secretions are destroyed, nature is given a chance and cure comes quickly. Colds and throat troubles can't last the pure healing vapor of Catarrhzone is breathed—sneezing and coughing cease at once, because irritation is removed. Use Catarrhzone to prevent—use it to cure your winter ill—it's pleasant, safe and guaranteed in every case. Two months' treatment, large size, guaranteed to cure, 50c; small size, 25c; sold everywhere.

Fearful of Unjust Peace

German Press Denounces Conditions of Treaty

Berlin. — Semi-official French announcement of the conditions to be laid down in the treaty of peace are denounced by the German press. Prince Lichnowsky, in an article in the Tageblatt, declares France "forgets that instead of leading to disarmament, an unjustly extorted peace will bring forth only fresh armaments throwing into the shade all former armaments, because the maled fat peace can be maintained only by the maled fist."

Declaring that a peace of violence must be absolutely rejected, he concludes: "No body can re-commence the war against us. Neither can we be started out without the common enemy, communism and terrorism, throwing all mankind back into its primitive state."

No German government can sign such terms," the Vorwarts declares. "The entente statesmen must themselves settle with the inhabitants of the Saar valley who are thoroughly German, and they may find that the sums proposed as indemnities cannot be extracted, even if the last sheet is taken from our beds."

Some men are so self-confident that they are unable to distinguish between a cheer and a jeer.

HOT PANCAKES!

Yes, But -- What are pancakes worth without syrup? It is the syrup that gives the flavor; and there is no other syrup that tastes just as good as

CROWN BRAND

CORN SYRUP

For hot pancakes, hot biscuits and muffins and a dozen other Table and Kitchen uses, housewives with the widest experience use Crown Brand, every time—the golden syrup with the case flavor.

For Marmalade and other preserves, we recommend our LILY WHITE Corn Syrup

Demand For Auto Licenses Regina, Sask. — The first three months of 1919 have witnessed a demand in the province for 21,000 automobile licenses, 6,000 of which were issued in March. In the whole of 1918 the number issued was 48,000.

When the Kidneys Went Wrong

The Back Ached Severely and There Was Trouble From Dizzy Spells—Had to Quit My Work

Rountwhistle, Wash., April 22.—To be forewarned is to be forearmed. To know the symptoms of kidney derangement and the correct method of treatment may enable you to avoid much suffering and to greatly prolong your life.

Mr. Stevenson found that backache became so bad that he could not turn in bed and could not work entirely. Other symptoms were headache, dryness and harshness of the throat, pain in the back, constipation, looseness and constipation of the bowels alternating, dropsical swelling of the ankles, dizziness, of fatigue, and pains and aches through the body and limbs.

But he now gladly conceded that Dr. Chase's Kidney-Liver Pills are the most satisfactory treatment obtainable. You may find the full proof in the letters appearing from time to time in this paper.

Dr. George W. Stevenson, Rountwhistle, Man., writes: "For seven months I suffered from kidney trouble. My back ached all day and could get no relief. My back ached so severely that I could not turn in bed and could not do any work. One day I received a copy of Dr. Chase's Kidney-Liver Pills, and after reading how highly Dr. Chase's Kidney-Liver Pills were recommended with no effect whatever, but immediately purchased a box of Chase's Kidney-Liver Pills I got relief, and two boxes completely cured me."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25c a box, at all dealers, or Edmondson, B. & Co., Limited, Toronto. There are imitations, but the portrait and signature of A. W. Chase, M.D., are on every box of the genuine.

HOW TO AVOID BACKACHE AND NERVOUSNESS

Told by Mrs. Lynch From
Own Experience.

Plenty of Feed in North
Edmonton, Alta. — Receipts of cattle at the stock yards were considerably increased during the past week and although there is an active demand for steers, the yards are full of cows and heifers. This condition is likely to be relieved, since the embargo on the Edmonton & Duanevans has been lifted. With the milder weather and this restriction removed, farmers from the north are expected, and this

Providence, R. I.—"I was all run down in health, was nervous, had headaches, and was unable to do anything all the time. I was tired and had no ambition for anything. I had taken a number of medicines which did me no good. One day I read about Lydia E. Pinkham's Vegetable Compound and what it had done for women, so I tried it. My nervousness and headaches disappeared, my weight and feel fine, so I can honestly recommend Lydia E. Pinkham's Vegetable Compound. I feel like I am suffering as I was."—Mrs. ADRIEN B. LIND, 160 Plain St., Providence, R. I.

LYDIA E. PINKHAM'S VEGETABLE COMPOUND, a safe, reliable, and sure remedy, is a tonic, or nature's warnings, which indicate a functional disturbance or an unhealthy condition which will develop into a more serious ailment.

"Women in this condition should not try to drag along with their nerves and profit by Mrs. Lynch's experience, and try this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, and for special advice write to Lydia E. Pinkham Med. Co., Lynn, Mass.

is the direction that much of this class of staff has been moving all winter. There is plenty of feed in the north for breeding animals and for feeders and both are regular there.

Whether the corn be old or new growth, it must yield to Holowsky's Corn Cure, the stoutest and best cure offered to the public.

Air Express Starts

Toronto.—An airplane express service has been started between Toronto and Hamilton by F. G. Erickson, the first trip being made by Pilot A. E. Parsons. The first load of merchandise was a motion picture film which will be shown at the theatre this morning to the ambitious city. The return flight occupied forty-five minutes.

German Steel Flood

Paris.—A United States steamer laden with iron and Poland was pilaged at Hamburg by Germans, according to a dispatch from Warsaw received in Zurich and transmitted to the Echo de Paris.

Remarkable Shipment

Winnipeg, Man., — Two cars carrying 30,000 dozen eggs have been shipped to Montreal from Regina. It was a most remarkable shipment according to produce dealers, and was the largest shipment of its kind ever sent from Regina at this time of the year.

League of Nations Capital

Geneva. — At a special meeting of the state council, it was reported that a magnificent site on the shore of Lake Geneva and facing Mount Blanc had been chosen for the building which will in future be the capital of the league of nations. The people of the city are rejoicing over the decision of the commission on the league of nations at Paris, flags were hoisted over buildings and parades held.

STINDAV. SCHOOL LESSON

Somebody says that it is a good thing people don't live their private lives in public.

It is a Liver Pill — Many of the ailments that man has to contend with have their origin in a disordered liver, which is a delicate organ, peculiarly susceptible to injury.

SUNDAY SCHOOL LESSON
LESSON FOR APRIL 27 — THE
HOLY SPIRIT OUR
HELPER

1. The Holy Spirit Promised (John 16:7-15).

is susceptible to the disturbances of the senses, and is therefore liable to be led astray in eating and drinking. This accounts for the great many liveliest and most vigorous men, who are the most susceptible of the operation of suzerains. Of these there is none superior to Parmelee's Vegetable. This operation through suzerains is effective, and the most delicate can use them.

The only thing that hinders a good life is a bad husband.

A man may feel as young as fifty, he did at twenty, but he doesn't now half as much.

1. Who he is. He is a divine personality, one in nature with the Father and the Son.

2. What is his mission? (v. 7-15).

3. The Christian's comfort (v. 16-20).

4. The Christian's representative who stands by the will of the believer to strengthen, encourage, defend from the enemy and plead his cause before God the Father.

5. Jesus knew and was the dispenser of the bitter persecutions which awaited them as soon as he had taken his departure. What a blessed

**WELL SATISFIED WITH
BABY'S OWN TABLETS**

Mrs. Edmond Gagne, Tikapea, Waikato, writes: "I am well satisfied with Baby's Own Tablets. They are absolutely necessary in homes where there are little children. I have saved my baby of constipation and I would not be without them." Thousands of mothers all over the world are satisfied with Baby's Own Tablets on hand as a safeguard against constipation, colic, colds, and other ailments. They are the only safe remedy for the common ills of little ones. The Tablets are sold by medical dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

The total losses from fires in Canada last year amounted to \$33,850,000, much of which was preventable. The gross waste of capital at a time when the world is absolutely necessitated to meet its obligations calls for a saving.

To Cure a Cold in One Day
The only way to cure a cold is to use the "Cough, Cold and Croup Remedy" which is guaranteed to cure in 24 hours. It is sold by all druggists. Put your ROY'S signature on each box. 36c.

City Is Prosperous
Moose Jaw, Sask. — The auditor's report for 1918 shows that the total revenue was \$1,081,574, and the total expenditure \$1,011,674. The assets of the city are shown to be \$5,827,654, leaving a surplus of \$2,511,626. The total levy for the year was \$71,656, and the total bonded indebtedness is \$754,990. The investment with the sinking fund trust is \$697,843.

The man who is looking for a soft
ace without honest labor can usual-
find it right under his hat.

**With the Fingers!
Says Corns Lift Out
Without Any Pain**

Sore corns, hard corns, soft corns any kind of a corn can shortly be dried right out with the fingers if you use the rice cure for the every corn. Drops of frezzone, says a Gincin authority.

It is a fact that at small cost one can get a quarter of an ounce of frezzone at any drug store, which is sufficient to rid one of the every corn. It causes without pain or swelling the danger of infection.

It is not only for either corns, and while sticky, dries the corn out and is applied and does not inflame the skin, the rice cure is the best.

This woman here will interest you. These women here, for it is said that the present high-heel foot-wear is causing corns on practically every woman.

Time works wonders. So would a man if he put in twenty-four hours a day, as time does.

There is nothing more idiotic than a smile of a pretty girl when directed toward some other fellow.

CHILDREN NEED HELP

Thinking doesn't cure bed-wetting the trouble is due to weakness of the internal organs. My success at home treatment will be found in my book, *How to Cure Bed-Wetting* on sale today. My treatment is equally successful for adults, troubled with urinary difficulties.

Starting Aviation Service
Winnipeg. — Captain Fred Camp

Mr. Wilson replied that the administration of the Canadian troops now awaiting repatriation be sent home on British warships, in view of the scarcity of merchantmen.²⁹

Mr. Wilson repine that the municipality had agreed to place a certain number of warships at the disposal of the authorities for the repatriation of troops. The difficult question of

anning them was being discussed between the admiralty and the ministry of shipping. Anyhow no difficulty was now being experienced in providing sufficient tonnage for the repatriation of Canadians in accordance with the program of Canadian military authorities.

It is impossible to suppress the man who thinks he can tell a funny story.	The English language is called the "mother tongue" because father never gets a chance to use it.

Canada's Best Poultry Fencing

The shut-in and shut-out Fencing—a poultry fence strong enough to withstand the combined weight of two big horses. And that without a top or bottom board either. Our lock is the secret of its strength—a real protection to large fowls and little chicks too. If you are interested in such fencing, write us. Ask for our literature. We also manufacture farm fence and ornamental fencing.

THE BANWELL-HOXIE WIRE FENCE CO., LTD.

VALUE OF DECISION

VALUE OF DECISION

As is our custom, these inquiries were answered promptly with full details as to the latest developments on the property, etc., and a suggestion that a purchase at the price then prevailing (32c) would be a wise move.

Five days had hardly elapsed when the mails brought a substantial order from "B" for this stock; whereas about a week later a second letter was received from "A" asking for further particulars. At every marked advance in the price of Davidson shares we were asked by enquirer "A" whether or not Davidson was still a "good buy."

When all particulars are in hand, it is time for decision. Further inquiry is useless and only decreases profits.

Profit by the experience of inquirer "A."

**Six Months For
Cruelty to Step-Child**

Six months' imprisonment with
a fine of \$100 was the sentence
meted out to Mrs. Robert Holmes
(formerly Mrs. McDiakon) of Coleman
last week for ill-treating her
step-daughter, Clara Holmes, aged
thirteen. It is alleged that the
step-mother abused the child so
much that the girl became despondent
and attempted to commit suicide
about two weeks ago by hanging
herself with a piece of wire. The
father, who is a highly respected
miner and superintendent of the
Presbyterian Sunday school at
Coleman, found his young daughter
hanging to a tree and out, her
down in time to save her life. It
was not until the following night
that the child regained consciousness.

The case was tried before Justice
Diney, and the woman was sen-
tenced to serve six months in the
penitentiary at Fort Saskatchewan,
and to pay the sum of \$100; and to
serve another two months in the
event of the fine not being paid.

War Savings Stamps are one of
the best investments in Canada
today.

Montville Flowers

Montville Flowers, who speaks
here on May 1st, is founder and
was first president of the Inter-
national Conference of Statesmen
and Lecturers held in April, 1918, at
Washington, D. C. Addresses
were delivered before this confer-
ence by the leading statesmen of
the world, including the French
Italian and Japanese ambassadors,
also Lord Reading, of England,
and several of the leading states-
men from Canada and the United
States.

Mr. Flowers edited the great
volume, "What Every American
Should Know About the War,"
published in August, 1918, contain-
ing the contributions of over forty
great masters, including statesmen,
soldiers, scholars, ambassadors and
officials of Europe and America.
No publicist has a clearer or fuller
grasp of the facts and issues in-
volved in present world affairs. He
stands pre-eminent among Ameri-
ca's greatest orators for his power
to present vital subjects in forcible,
logical addresses. His subject, "The
Triumph of Democracy," is a mes-
sage of the hour and a clear dis-
cussion of the principles and problems
now engaging the thought of the
world as a sequence of the great
war. Every intelligent patriot
should have Montville Flowers in
"The Triumph of Democracy."
Mr. Flowers' tour is being di-
rected by the Dominion Lyceum El-
lison-White Service, as was, Irvin
S. Cobb and many other notable
speakers, who have appeared in
Western Canada recently.

Death of Edward C. Keith

The death took place at the local
miners' hospital at noon on Wed-
nesday, of Mr. Edward C. Keith,
following a long siege of suffering.
Mr. Keith had been a bed patient
for several months and was moved
from his home to the hospital but a
few days before his death. He was
a member of the miners' union at
Hillcrest.

Mr. Keith leaves a wife, one
daughter and two sons to mourn
the loss of a kind and loving hus-
band and father.

Funeral takes place from the
family residence on State Street at
four o'clock on Friday afternoon.
A short service will be conducted
at the Union church by the Rev.
W. T. Young, and interment will
take place at the general cemetery.

**Red Triangle Receipts
From This District**

According to a statement pre-
pared and issued by the National
Council of the Y.M.C.A., regarding
the receipts of the 1918 Red Tri-
angle Fund, the following amounts
have been received from the dif-
ferent communities of this district up
to March 31, 1919:

Black Diamond	\$ 5.00
Bellevue	901.55
Blairmore	948.00
Coleman	1,783.20
Cowley	2,301.05
Claremont	6,004.55
Cowley	1,070.50
Frank	245.05
High River	3,552.11
Macleod	1,576.25
Nanton	5.00
Okotoks	1,489.40
Patrick	1,181.75
Pincher Creek	2,174.10
Stavely	3,081.53

\$26,319.04

The province was divided into
eight districts and the amounts re-
ceived from these districts and from
other sources up to March 31,
1919, are given as follows:

Calgary District	\$99,877.33
Canmore District	64,556.18
High River District	26,319.04
Red Deer District	28,616.79
Stettin District	20,081.35
Lethbridge District	27,903.78
Edmonton District	19,520.08
Medicine Hat Dist.	9,829.98
Province of Alberta	5,000.00
Kern and Give	4,434.00
Miscellaneous	7,706.73

Total \$311,652.00

An audited statement of all the
monies received from the cam-
paign and of its expenditures will
be published shortly.

"Bouquets"

During the fighting around Cam-
bri an officer leaped from his car
before a Y. M. C. A. canteen in a
tinned barn just out of sight of the
enemy and ravenously took advan-
tage of the free drinks, biscuits and
cigarettes distributed by the "Y" in
the midst of operations.

There are two things in this war
have earned my undying grati-
tude," he mumbled through a
mouthful of Canadian biscuits, "the
Ford car and the 'Y'."

A soldier emerging from a "Y"
cinema hut, was overheard to ex-
press himself thus to a mate:
"Good old Y.M.C.A. They're sure
some hustlers these days. We'd
die in this here hole if it weren't
for them."

Two "Y" officers were working
in one end of a hut when six sold-
iers entered the other a little over-
powered by their potatoes. Their
agency of expression finally
brought a reproval from the "Y" of-
ficers and thereafter there was com-
parative quiet. Next day four of
the six spontaneously and separ-
ately came to apologise.

A fifth did more. Ten months
afterwards, when the celebration of
armistice again loosed the bonds of
his self-control, he met one of the
officers on the street of a Belgian
town. Whereupon, with a strange
freak of memory, he poured out an
apology for an incident that had
long since become ancient history;
and there on the street the "Y" re-
ceived one of its most superlative
eulogies to the edification of an
admirer throng of Belgians who
probably did not understand a word.

To Whom It May Concern

NOTICE is hereby given that
the keeping of hops or swine, old
or young, is strictly forbidden with-
in the limits of the Town of Blair-
more; and in the interests of the
public health it is requested that
all residents will be careful to ob-
serve the above order, and further,
warning is hereby given that any
infringement of the above order
will involve proceedings against
the offender under the Provincial
Public Health Act.

**Now a Complete Truck**

HEREAFTER Ford
One-Ton Trucks may
be bought complete with
bodies and cabs, ready for
the road.

The body as well as the
chassis will be planned to
give Ford service.

This will insure the utmost
efficiency from the Ford Truck;
give the purchaser Ford value
in every part of his truck;
produce better bodies at lower
prices.

Two types of Truck bodies,
the Stake and the Express, will
be kept in stock, set up, painted

(or in the load) and ready for
prompt delivery.

They have oak floors, all of
seasoned hickory and specially
designed fenders and castings.

The construction at every
point provides for rough usage
such as every truck is bound to
get. Both bodies have closed
cabs to protect the driver.

These cabs have sliding
windows and two-way, double
tilting windshields.

Call and learn what it will
cost to use these complete trucks
in your business. Look them
over carefully. See how they
outclass other trucks in every
detail.

by George Coates on Wednesday
evening, when hunting cattle in the
hills north of Bellevue. Coates
was following a trail about a mile
and a half north of town, when he
ran across the still body of a man
crouched beneath a tree. He im-
mediately reported his find to the
authorities and a number of parties
gathered around to view the re-
mains, which were found to be
those of one Joseph Czak, who had
been missing from Bellevue for
about five weeks.It was clearly evident that he
had committed suicide, for around
his neck to find a broken cord made
of brass and handkerchiefs, which
had suspended his body until some
time after death.The body was removed to Bel-
levue, where on examination by the
doctor and others, including Cor-
oner Pinkney, it was decided that
an inquest was not necessary.Czak was of Austrian birth and
came to Bellevue some years ago.
He had been reporting regularly to
the military police until the past
month. His wife, although know-
ing that the man had disappeared,
was not very much alarmed over
his absence.Czak is survived by a wife and
three small children.LOST—Set of Drum Traps. Fin-
der will be rewarded on leaving

Help the Y.M.C.A. Finish its Work For Soldiers

**Help the "Y" Construct the Manhood
that will Re-construct Canada**

ALL the world now knows that the Red Triangle of the Y.M.C.A. was the "Sign of Friendship" to thousands of your brothers, sons, nephews, cousins and neighbours' boys in the last four and a half years. Wherever the Canadian Soldiers went, the "Good old 'Y'" went too. And now it is coming back home with them!

For the support which has made possible the war work of the Y.M.C.A. we thank you. Your money has been well expended. We have rendered full account.

We ask now your continued sympathy and support for Red Triangle Service for our Soldiers during demobilization, and for Y.M.C.A. work for Canada generally during the Re-construction period. The Annual Red Triangle campaign will be held throughout Canada May 5th to 9th, 1919. The objective is \$1,100,000.

The Y.M.C.A. will keep its
chain of service unbroken
till the end.

For Our Men Returning

For the soldiers and their dependents, returning from Overseas, we have provided as follows:—

1. A Red Triangle man on board every ship when it leaves Great Britain, with a full equipment of games, gramophones and records, magic lantern, literature and writing materials. Where possible, also a piano or an organ. Lectures, concerts, sing songs, instruction re Government repatriation plans, and Sunday Services.

2. Red Triangle comforts and facilities for the men on arrival at Halifax, St. John, Quebec and Montreal, including coffee stalls, with free drinks, free cabbies, cigarettes, candies, etc.

3. Red Triangle men on every troop train to provide regularly free drinks, cabbies and cigarettes, organize games and sing songs, and furnish information.

4. Red Triangle free canteen service, information bureau, etc., at each of the 22 Dispersal centres in Canada.

5. Red Triangle Canteens in the principal cities of Canada in the shape of large Y.M.C.A. hotels to furnish food and board as low as possible and to be a rendezvous for soldiers.

6. Seventy-five Secretaries to superintend Red Triangle service in Military Hospitals, Camps and Barracks throughout Canada.

7. Tickets entitling soldiers to full Y.M.C.A. privileges for six months at any local Y.M.C.A. furnished.

In addition to our work for the returning soldiers, we have to maintain the Red Triangle service to the full for the soldiers in Siberia, as well as the work of special secretaries in Northern Russia, Palestine and Poland.

For Canada's Manhood

The Reconstruction program of the Y.M.C.A. includes the following vitally important developments:—

1. An increased service to 300,000 teen-age boys in the Dominion—the development of Canadian Standard Efficiency training; Bible Study groups; summer camps; conferences; service for High School boys, for working boys, in the towns and cities; for boys on the farm and for boys everywhere, who have lacked opportunity for mental, moral, physical or social development.

2. Inauguration of Y.M.C.A. work in the country, and the smaller towns and villages lacking Association buildings and equipment, on a plan of county organizations. This will include the establishment of Red Triangle centres for social, recreational and educational work among boys and men, in co-operation with the churches.

3. The promotion of Y.M.C.A. work among Canada's army of workers in industrial plants, both in Y.M.C.A. buildings and in the factory buildings, organizing the industrial workers of our cities by meetings, entertainments, games and sports.

4. The establishment of the Red Triangle in isolated districts where lumbermen, miners and other workers hold the front trenches of industry.

5. Besides these main fields of increased activity for 1919, we have to provide for enlarged work among railway men, college students and for our campaign to encourage physical and sex education. Under all our work we place the fundamental foundation of manly Christianity.

**Y.W.C.A.**

For the wives and children of Canadian soldiers, and for Y.W.C.A. work in Canada generally, a sum of \$175,000 from the Red Triangle Fund will be set aside for the Dominion Council of the Y.W.C.A., which is caring for the soldiers' women folk, and their little ones on the long journey, from Liverpool to Canada, and is also extending its work for Canadian girls.

For their sake also be generous when you make your contribution.

FOR the sake of our victorious soldiers and their dependents, and the happiness of their home-coming; for the sake of our future citizens, our teen-age boys; for the sake of rural life in Canada; for the sake of the social betterment of the toilers in factory and workshop; for the sake of lonely men and boys in our mines and forests; for the sake of Christian Society and Canadian manhood—we appeal to you. Give us your contribution, little or big. Be as generous as you can.

Hand your contribution to the canvasser when he calls, or if you live where it is difficult for him to call, send it by check, money order or registered letter to the National Treasurer, Red Triangle Campaign, 120 Bay Street, Toronto.

Please Note:

We are not asking for money to carry on our work Overseas, with the Army in Great Britain, France or Belgium. That work will continue at its maximum for some months, financially provided for by the liquidation of our assets Overseas, and will not terminate till the last man has sailed for home.

National Council, Young Men's Christian Associations of Canada

Soap, Ointment and Talcum sold everywhere.

Be sure to test the fascinating fragrance of Cuticura Soap on your skin.

EDITORIAL

National Getting Together

No. 4—How to Encourage It

Admitting, as all thoughtful students of Canadian affairs must, that it is not only important but absolutely necessary in the interests of a united and progressive Canada that the gap between East and West should be bridged, not the geographical gap alone, but that more difficult chasm which has developed in the economic and national viewpoints of the people of the East and the West—it becomes the paramount national duty of statesmen, newspapers, leaders of thought in all walks of life, and the people generally, to endeavor to bring about a rapprochement between the two sections of the country. Having, in previous articles, attempted to present the two prevailing viewpoints, it is necessary to now endeavor to offer some suggestions looking to a solution of the "problem."

It is of first importance that people both East and West should recognize the fact that neither has a monopoly of all wisdom, that all are Canadians and desire to advance Canada's interests and welfare, that the people of both sections are equally loyal to the Dominion and to its institutions and place in the British Empire, and that all aspirations cast by one section on the loyalty and patriotism of the other should come to a sudden stop.

As a necessary step to that end there must be a frank recognition of the fact that Canada is a country of diverse races and creeds; that these creeds are here to stay, and that it is humanly impossible, even were it desirable, to eradicate all nationalistic traits and characteristics. Consequently, the warfare which has gone on between English-speaking and French-speaking, and which has now developed into warfare between English-speaking and all who speak any other language, must cease. By this we do not mean that Canadians should not aim at having every citizen of this country become proficient in the English language as the common medium of communication of all, because, of course, in the interests of all this should be done, but it should not be done by coercive and harsh measures which only serve to antagonize and divide instead of creating sympathy and union. Even more necessary, perhaps, is it that the creed warfare between Roman Catholic and Protestant should cease. In no other democratic country in the world is there such persistent wrangling and controversy over forms of religion as has disgraced Canada, and retarded its progress for the past half century.

As a preliminary to a better understanding, it is essential that the people of all provinces shall be placed on a plane of perfect equality, and that cannot be until the East agrees to the transfer of their natural resources to the Western provinces. That is, in some consideration is a long-sided and still incomplete. There can be no real confederation except where all the confederated units stand in equality the one to the other. So long as any one is forced into a position of inferiority, there will be discontent and the elements of disunion.

In matters of fiscal and economic policy, a spirit of compromise must prevail where sectional interests come into conflict. Neither East nor West must seek, nor expect, to impose its views and will wholly and absolutely on the other. In other words, the manufacturing East should not insist on denying to the agrarian West a larger freedom of trade, wider markets, and the development of Western outlets in connection with the disposal of the products of the West. To do so is selfish, a dog in the manger policy, because such policies, while highly beneficial to the West, do not do injury to the manufacturing industries of the East. On the other hand, given freedom in the marketing of its own products, the West must not insist on policies which would place in jeopardy the continuance and prosperity of Eastern industry.

The development and prosperity of one section of the Dominion has a direct and beneficial effect on the other section. While both East and West might get along without the other, both will benefit more largely by the development and prosperity of the other. Therefore, each should do what lies in its power to encourage and assist the other, and both must deny themselves something for the benefit of the other; that is, there must be mutual sacrifice and co-operation for the common good of all. These things cannot be accomplished by better knowledge of one another. Eastern manufacturers and political leaders should visit the West more frequently, and not mere flying visits for the purpose of act and close study of conditions with a view to arriving at a real understanding of Western conditions and problems. Eastern manufacturers should send some of their leaders to attend the annual Grain Growers' conventions in the West. Their official organ, "The Mutual Grain Grower," instead of always presenting the view of manufacturers to manufacturers, might well seriously and honestly endeavor to inform the viewpoint of the Western viewpoint. Frank round table conferences between the Canadian Manufacturers' Association and the Canadian Council of Agriculture should take place periodically. Eastern men might well vary their reading by a study of such a book as "Deep Furrows" which tells the story of the rise of the Grain Growers' Association, its principles and the objects for which it is striving.

On the other hand, Western people must make a closer study of economics, world conditions, international relations and competition in trade, and must be on their guard not to adopt an extreme attitude in their demands, and in their effort to secure the removal of what they regard as injustices to themselves, insist on what would mean injustice to others.

A ten days trial of POSTUM usually does wonders in determining what's the matter.

"There's a Reason"

Atlantic Air Liners

London. — Vickers Limited are about to start a transatlantic air service with airplanes which the company was building for the British navy when the armistice was signed and which are no longer needed. The passenger rate will be £48 and mail will be carried at the rate of £405 a ton. The passenger ship will have a gas capacity of 1,200,000 cubic feet and engines of 1,000 horse power. Larger ships are being designed to carry 200 passengers.

SPRING IMPURITIES CLOG THE BLOOD

A Tonic Medicine Is a Necessity At This Season

Dr. Williams' Pink Pills for Pale People are an all-year-round tonic, blood-purifier and nerve restorer. But they are especially valuable in the spring when the system is loaded with impurities, because of the indoor life of the winter months. There is no other season of the year when the blood is so much in need of purifying and enriching, and every dose of these pills helps to make new, red blood. In spring one feels weak and tired—Dr. Williams' Pink Pills give new strength. In the spring the system is often poor—Dr. Williams' Pink Pills develop the appetite, tone the stomach and aid weak digestion. It is in the spring that poisons in the blood find an outlet, in disgusting pimples, eruptions and boils—Dr. Williams' Pink Pills speedily clear the skin because they go to the root of the trouble in the blood. In the spring anæmia, rheumatism, neuralgia, erysipelas and many other troubles are most persistent because of poor, weak blood, and it is at this time that nature takes on new life, that the blood most seriously needs attention. Dr. Williams' Pink Pills actually renew and enrich the blood, and this new blood reaches every organ and every nerve in the body, bringing new health and new strength to weak, easily tired men, women and children—Here is a bit of proof: Miss Anna Patterson, "No. 1, Thorold, Ont., says: "My trouble was one of general weakness, which thinned my blood and gave me at times unbearable headaches, loss of appetite and also loss in weight. I tried several medicines, but without success. Then I heard of Dr. Williams' Pink Pills and decided to give them a fair trial. The result is that I feel like a new person. My appetite improved, I gained weight, my blood is thoroughly purified, and my face cleared of those unsightly pimples which had troubled me for so long. I am now a healthy, robust woman. I have much pleasure in recommending Dr. Williams' Pink Pills."

If you need a medicine this spring try Dr. Williams' Pink Pills—they will not disappoint you. These pills are sold by all medicine dealers, or you can get them by mail at 5c a box or six boxes for \$2.50 from Dr. Williams' Medicine Co., Brockville, Ont.

May Cause Labor Shortage

Thousands of Aliens Sailing from U. S. Every Day

New York. — Enriched by war work, aliens are leaving this country at the rate of more than 1,000 a day, it is learned here from customs officers, who express fear that, with the possibility that conscription may limit immigration for the next four years, the United States will face a serious labor shortage instead of a condition of unemployment.

Since the beginning of the armistice, it is said by H. W. Groves, of the United States, has been pouring out of the United States through this port. Since November 7, 1918, passports have been vied at the customs house and since December 33, 000 aliens have sailed.

Ready-made Medicine. — You need physician for ordinary ills when you have at hand a bottle of Dr. Thomas' Electric Oil. For coughs, colds, sore throat, bronchial troubles, it is invaluable, for scalds, burns, bruises, sprains it is unsurpassed, while for cuts, sores, ulcers and the like it is an unquestionable healer. It needs no testimonial other than the use, and that will satisfy anyone as to its effectiveness.

Repairing Guns for Allies Paris. The Krupp works at Essen, the world's greatest plant for the manufacture of weapons of destruction, from which have issued more monstrous engines of war than from any other spot on the earth, now are silent and idle, paralyzed by the armistice. In all the workshops spreading over miles the only furnaces that are burning, the only wheels that turn, are in one little corner where a few mechanics are at work upon some cannon—repairing them so that the allies will accept them with the others surrendered under the terms of the armistice.

We are told that the millennium is coming, but it isn't coming with a rush. Perhaps a messenger boy is bringing it.

W. N. U. 1260

Retail Merchants' Convention

Moose Jaw, Sask. — The annual provincial convention of the retail merchants will be held in Regina on May 13, 14 and 15. One attraction to the merchants at the convention will be a series of addresses by Frank Stockdale, an expert on matters affecting the conducting of retail business.

Children Love Cascarets—10c

Candy cathartic is harmless to tender stomach, liver and bowels

Your child is bilious, constipated and sick. The little tongue coat, breath is bad and stomach sour. Get a 10-cent box of Cascarets and straighten things right. Children love this harmless candy cathartic and it cleanses the little liver and thirty feet of bowels without griping. Cascarets contain no calomel and can be depended upon to get the sour bile and poison right out of the bowels. Best family cathartic because it never cramps or sickens like other things.

Revoltors Seize in Munich Berlin. — The battle in Munich for the central railway station ended in the complete defeat of the government troops, according to Nuremberg advices.

MAMMA! DON'T YOU SEE YOUR CHILD IS SICK, CONSTIPATED

Look at tongue! Move poisons from liver and bowels at once.

Mother! Your child isn't naturally cross and peevish. See! Tongue is coated; this is a sure sign its little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't sleep or act naturally, a gentle liver and bowel cleansing should always be the first treatment given. Nothing equals "California Syrup of Figs" for children's ills; give a teaspoonful, and in a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system, and you have a well and playful child again. All children love this harmless, delicious "fruit laxative," and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on the bottle.

Keep it handy in your home. A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a bottle of "California Syrup of Figs," then look and see that it effects a good "inside" cleansing. The "California Fig Syrup Company."

Mineral Found in Lake Regina, Sask. — A lake near, Biggar, Sask., and about 300 miles northwest of here, has been found to be saturated with sodium phosphate and the deposit under the lake and along the edge to be nearly 97 per cent pure sulphate. The mineral is used extensively in the manufacture of sulphuric acid, in photography and other industrial purposes. The lake occupies an area of about 200 acres. The edge is muddy, but on boring down a solid bed of mirabilite crystals is found.

Many mothers have reason to bless Mother Graves' Worm Exterminator, because it has relieved the little ones of suffering and made them healthy.

Saxony's War Minister Killed Copenhagen. — Herr Neuring, war minister in the government of Saxony, was killed at Dresden by a disgruntled soldier, to whom the minister had refused a hearing. The war ministry was stormed by demonstrators, who dragged out Herr Neuring and threw him into the Elbe, where he was shot and killed as he tried to swim to the bank.

Rumors of Serbian Revolution London. — A despatch to the Exchange Telegraph company from Budapest says an unconfirmed rumor has been broken there that a revolution has broken out in Serbia and that the troops are fraternizing with the Hungarian Red Guards.

Germany Will Sign

Refusal of Peace Treaty Will Mean Starvation New York. — German leaders may storm and threaten to refuse the peace treaty about to be offered to them, but when the time for signing comes they will affix their signatures. Oswald Garrison Villard, editor of the Nation, predicted here, shortly after his return from a four months' visit to France and Germany. Mr. Villard, who spent four weeks in Berlin and other cities of Germany, said that cabinet ministers, peace commissioners and others had told him that no treaty similar to the one proposed would be signed.

He discounted their statements, however, asserting that when they faced the alternative of signing or "seeing ten or twenty millions of Germans starved," they would sign, just as they accepted the last extension of the armistice after threatening to refuse.

Co-Operative Horse Sales

Saskatchewan Department of Agriculture Number of Sales

With a view to finding a profitable market for those farmers who have surplus horses, and at the same time to enable those in need of horses to get readily into touch with those who have horses for sale, the Co-operative Organization Branch of the Saskatchewan department of agriculture is arranging to hold a number of co-operative horse sales in different parts of the province. The sales are arranged in circuits so that prospective buyers may attend several of the sales if necessary. The sales may take the form of auctions, the horses for sale being listed previously with the secretary of the local agricultural society at the point where the sale is held. The payment is required in cash, or such as the directors of the society may consider advisable, all settlements being made through the secretary of the society; or farmers may bring their animals into town on the date selected for the sale and deal privately with the buyers in attendance.

This system of selling horses has much to commend it and will probably be taken up generally in districts where more horses are produced than are needed locally. It enables buyers to inspect in a comparatively short time practically all the horses that are for sale in any district.

I consider MINARD'S LINIMENT the BEST Liniment in use.

I got my foot badly jammed lately. I rubbed it well with MINARD'S LINIMENT, and it was as well as ever next day.

Yours very truly,

T. G. McMULLEN.

Australia's War Casualties

Totalled 307,000, According to Statement by Government

Melbourne. — Australia's total casualties during the war with figures brought up to February 28 for the current year, totalled 307,000, according to a statement made public by the government of commonwealth. The total forces of Australia, raised by voluntary enlistment, numbered 400,000 out of a total population of less than 5,000,000. The casualties are divided as follows:

Dead, 58,054; missing, 193; prisoners, 438; wounded, 166,006; sick, 82,409; unspecified, 209.

A Constipation Cure Sold on Guarantee

Dr. Hamilton Says His Remedy
Never Fails to Cure Quickly

Mine is a marvelous remedy. There are others, but not one possesses the peculiar merit so prominent in mine.

With my remedy I guarantee to cure constipation. I also guarantee to prevent it. My preparation, which is in pill form gives tone and regularity to the bowels that quickly rid the system of effete matter, accumulations of bile and other injurious results of costiveness.

I call my pills Dr. Hamilton's. I am sure they are safe because composed of such health-giving vegetable extracts as Mandrake, Butter-nut, Hyoscyamus and Dandelion. My pills are not harsh or drastic. They cause no pain, no distress; they are prescribed by physicians because of their mildness and certainty to cure.

For women and children I know of no better medicine for keeping the system healthy. For men they are perfect.

I have proved their merit in biliousness, constipation and headache, and can strongly recommend them in these troubles.

My personal guarantee stands behind every box of Dr. Hamilton's Pills, and this means much to you in selecting your remedy. Every dealer sells Dr. Hamilton's Pills, of Mandrake and Butter-nut, 25c per box.

The First Grain In the West

Wild Rice Gathered by Indians of
Winnipeg River

In the autumn of 1812, four or five men of the first band of Selkirk settlers sailed with winter wheat a little plot of land in what is now Point Douglas, in the city of Winnipeg. The story of grain growing in the west from that humble effort—a failure, by the way—to the triumphs of Red Fife, Marquis and Red Bobs, would be as fascinating a tale of agricultural development as it is possible to find; but the wheat of the Red River settlement was not the first cereal food harvested by man in the great west.

Nowhere in the temperate zone, perhaps had the hand of nature provided more bounteously a supply of staple food for the wants of man. Upon the plains were innumerable herds of buffalo; old Sheriff Ross in that classic of pioneer days "The Red River Settlement," describes the slaughter of 2,500 of them in a single hunt. The "titmouse" or whitethroat swarmed in the waters of the Red river and Lake Winnipeg. No fewer than 14,000 whitethroats were taken by the settlers upon the retreat to Jack river after the disastrous affray of Seven Oaks, in 1816. And in the sedgy marshes of lake and stream grew the wild rice in quantities of great gradation of that famous concoction known as "pemican," and a staple article of food for more than one adventurous party in the precarious fur trade. Rice, lake and Winnipeg suggest the sub-tropical fields of the far east. Their names, as a matter of fact, are derived from the most characteristic indigenous cereal in the great west.

The making of pemican, we are told, has become a thing of the past. The Lord Selkirk Association at their annual banquets still include in their menu the Scotch haddock and buffalo pemican prepared in strict conformity with the traditions of the early days. Next to the mystery of the chase and the fur trade, at any rate, the gathering of the wild rice by the Indians of the Winnipeg river forms one of the most curious reminders of the days when the muzzles of the western warriors were stirred only by the silent paddle of the red man and the voyageur.

The rice fields are to be found in shallow lakes of moving water or in marshy recesses of the river where the water is neither stagnant nor swift. The rice grows best in water from two to four feet in depth where the bed of the lake or stream is free from the extreme of spring flood and summer drought. Rooted in the mud, it rises from the water in a slender green stalk which are almost indistinguishable to the untrained eye from the profligate reeds and grasses that line the shallow reaches of our waterways. The grain reaches maturity as a rule about the second week of September, and when detached from the rice plant resembles some-

what in appearance the kernel of unripened oats.

Into this waving field the Indian drives his canoe by means of a pole provided with a blunt prong in the shape of an inverted "Y" in order to avoid too deep a thrust into the oozy bottom of the river bed. The rice plants are then bent over the gunwale and sharp blades from a stout stick some 12 or 18 inches in length serve to shake the wild rice in little showers into the bottom of the canoe, until it is heaped to the gunwale and the occupants half buried in the green grain. The busy din of the paddle as the canoe turns homeward to the encampment affords a curious contrast to the whirling harvesters of "No. 1 hard."

The rice is stored for a time in bins carefully protected from rain or moisture. The "elevator" process, in this case, comes before the threshing, for the gathering of the rice is usually the work of the men while the rest of the process devolves upon the squaws.

The "threshing" is perhaps the most curious process of all. A slow fire is built of parallel logs, on both sides of which large pans—"wash boilers," in fact—are placed upon the hot coals. In each of these a half bushel or less of the unthreshed rice is stirred incessantly by squaws seated before the fire "Indian fashion." The steam rises in little clouds, and the encampment is frequently filled with the aroma of the fragrant flail-parched rice. When quite dry, and just beginning to "brown" the grain is removed from the pans for the third stage of the process.

This consists of "thrashing" and winnowing by a very curious method. A cavity in the ground, perhaps 18 inches deep and slightly less in diameter, is lined with hard clay, which becomes in process of use almost as hard as pottery. The edge of the hole is neatly lined with woven grass in order to prevent sand or earth from falling in. A peck or so of the browned rice is placed in the cavity, and one of the men—dressed up as he is hoped, a pair of clean moccasins for the purpose—treads out the rice while the squaws winnow the chaff away with fans of birch bark.

Alcoholic Saturation

Long Drinking of Mild Intoxicants
Will Saturate a Man

This condition is not brought about in a vast majority of cases by the use of whiskey. Saturation is generally a matter of degree. In the case of whiskey, who drink freely during short periods, are frequently found not to be saturated. Experts are of the opinion that long drinking of mild intoxicants will saturate a man though he does not consume a large quantity of alcohol at any one time.

This feature of the problem seems to have escaped the attention of advocates of the use of light wine and beer. It ought to be considered carefully by those men at Ottawa, the provincial capitals and elsewhere, who argue that wine and beer be not included in a prohibitory law. Many writers in the United States, who pretend to stand for temperance, argue in favor of the milder drinks. One from southern California, where the light wine theory is held so insistently, takes issue with the idea that light wines are harmless, and expresses himself as follows: "Surely you must have observed what alcohol does to the moral and ethical nature of man; how it kills out all decent principle and decent thought. If you haven't observed, try critically in a boozing community like Napa or Sonoma county, in California, where each generation shows the cumulative effect of alcohol—the matter of human degradation."

Where mild intoxicants abound, saturation is easy. Used freely its effects cannot be hidden for many years. In some families a single generation will reveal these. In every light wine community these effects will be observed. France and Italy will be blighted and cursed by them. And so it is with beer in Germany. German scientists of high repute do not deny this. The German character has been affected by beer. The atrocities of the great war have been attributed in large measure to alcoholic saturation through beer drinking.

Alcohol is the poison that causes drunkenness and the lightest wines and beers contain enough alcohol to make them dangerous.—J. H. Hazlewood, Department of Social Service.

Accommodation Limits Registration
London.—An official statement says that grave arrears in the registration of overseas troops at the end of February, owing to the shipyard strikes, are now being rapidly wiped out. With regard to Canada, the limitations is not one of shipping, but of rail accommodations for distribution in Canada. The total Canadians to be moved is 272,896 and the number who have already sailed or are arranged to go, to the end of April, is 144,828.

Farm Architecture and Building AN ATTRACTIVE HOME

Big Profits With Sheep

Sheep Industry in Western Canada
Is Growing Apace

The first sheep in Western Canada were large flocks on the range. During the last few years, however, smaller flocks or fenced farms have begun to make their appearance. The growth of the industry in this manner has no doubt been assisted by the encouragement of the government in bringing about a practical system of grading the wool. The enormous profits which farmers are making with their flocks, have also been an incentive to this industry.

The following experience as related by a Saskatchewan farmer is by no means uncommon: In June, 1917, he purchased forty-one ewes at \$15.00 each, and forty-eight lambs at \$6.00 each, the total initial cost being \$930, including freight charges and expenses. Last year he sold wool to the value of \$350, and lambs to the value of \$574, which gives an income to the flock up to the end of December, 1918, of \$924. He has 78 ewes left which he considers are easily worth \$20 each, or \$1,560; so that his original investment of \$930 has produced \$2,484.

The sheep industry in Western Canada is growing apace. Farmers have a few obstacles to overcome in starting the business, such as fencing their farms, suitably, but such work can be taken on as a permanent improvement and the advantages are worth the initial expense. The results obtained are good dividends on the original investment. It is estimated that this year Western Canada's wool production will be more than four and a half million pounds.

SAT UP IN BED TO GET HER BREATH

Palpitation of the heart, shortness of breath, inability to lie on the left side, feelings as if smothering, oppressed feeling in the chest, dizzy and faint spells, tired, weak, worn out feeling, involuntary twitching of the muscles, sleeplessness, restlessness, etc., all point to the fact that either the heart or nerves, or both, are not what they should be. Any of these conditions should be remedied immediately so as to avoid a complete breakdown of the whole system.

Milburn's Heart and Nerve Pills will bring energy to the weakened and palpitation of the heart, which is the heart, and tone up the tired, overstrained nerves. Mrs. William G. N.B. writes: "I have been a great sufferer from nerve troubles and palpitation of the heart. I look in vain for a box at all dealers, or mail direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont."

BUILDING NOTES

Appearances at Edmonton indicate that there is going to be greater activity in the building trade there this year.

Several parcels of land in the Cartwright district have changed hands recently, among the number being the sale of a farm and effects, the property of W. H. Barry, to a returned soldier from Winnipeg. This deal was put through as a going concern, a number of horses, cattle and an outfit of implements going with the farm.

Permits issued for buildings in Calgary during the month of March totaled the sum of \$195,400. This figure indicates the amount of work that is going on, and may at the same time be taken as an indication of the amount of construction that the spring months will see opening up. One of the city officials said the prospects were exceedingly bright and he expected to see a big year in the city. The permits so far are away in excess of any for several years past, and the big amounts are yet to come. The Alberta Flour Mills are commencing work on buildings that will cost one million dollars before completed; the exhibition board is going ahead with its \$115,000 work; the Lancaster building is being finished at a cost of \$50,000; and work on the Georgian warehouse is about to start, entailing an expenditure of \$30,000. Extensions of waterworks costing \$20,000; the Louise bridge and the sewerage disposal plant are civic undertakings, while work is under contemplation by the Dominion government.

Show Your Patriotism By Building Now

Rents continue to advance. Many tenants are asked to pay all the way from 10 per cent. to 100 per cent. increase, and cannot get a lease for an extended time, at the advanced rates. This the household considers one more injustice added to the many items that make up his budget of high cost of living.

The landlord, that very necessary and much abused person, now finds through the law of supply and demand, that he can advance rents, and he is not slow to take advantage of conditions that now prevail, and are growing more acute each day. The owners of rental property since 1914 have leased at rentals, in many instances, that would not pay the carrying charges. Many buildings have been all or partly vacant with the result that taxes and interest have gone unpaid and Mr. Landlord, in many instances, must raise rents or his properties will be sold for taxes or foreclosed under the mortgage. Pre-war rentals will not satisfy the property owners. They are enticed by the law of supply and demand, to a rental of about 30 per cent. advance over rentals that prevailed in 1912-13. There will be a great many renters that will move this spring, and when the shifting is over many will be left

The Practical Economy Of Good Paint

Good paint is never an expense, but a saving. By its use and because of its even texture, takes least time and is easiest to apply. It is absolutely guaranteed—100 per cent. White Lead, Zinc Oxide and highest quality linseed oil. It is admittedly the most economical paint on the market.

Take no chances. Make your investments secure by stippling on your buildings, inside and out, protecting coats of Martin-Senour "100 per cent. Pure Paint."

Ask for "Farmer Color Set" and "Town and Country Homes." Just what you'll need in planning your painting.

Address all inquiries to
THE MARTIN-SENOUR CO., Limited
Winnipeg or Vancouver

without a desirable place to live in, in the city, and will have to take a cottage at the lake, or go to a cottage in the suburbs. This may take care of the renters now, but when winter quarters are required, this fall, the chances are they cannot be had, unless a very aggressive building campaign is launched.

The slogan adopted by the brick-makers and supply men, "During the war it was patriotic not to build, now we can best show our patriotism by building," should be taken seriously, and each and everyone who had planned to build in the near future should get at it at once. There will be nothing gained by waiting.

Lumbermen are Busy
Winnipeg, Man.—Anticipating a heavy demand for sawn lumber, the Finger Lumber company of The Pas, will keep the lumber camps, on the Carrot river going throughout the summer months, and the big mill at The Pas will run night and day shifts as long as there are logs to saw.

Forests Bring Large Revenue
Vancouver, B.C.—The value of the products of the provincial forests in 1917 aggregated \$54,162,523; in 1916, \$48,300,469; in 1915, \$35,528,000; in 1914, \$29,150,000.

After many years of work a railroad tunnel under the Pyrenees, between Eastern Spain and France, nearly twenty miles long, has been completed.

Shorthorns On the Range

Western Stock Industry Needs Bigger
Cattle to Insure More Beef

Mr. A. E. Cross, Calgary, Alta., who carries on an extensive ranching business in Alberta, makes the following statement:

"I could not carry on a cattle business without Shorthorns. Not saying anything derogatory of other breeds, the Shorthorn suits our purpose, and we are running a herd on the open range. They make us 200 pounds more beef than would be possible with other cattle." He also states that what the western cattle industry needs is bigger cattle, which insure more beef to the animal, there being no difference between fixed charges a 1000-lb. steer and a 1200-lb. steer. Mr. Cross uses both Shorthorns, and Herford blood, claiming that he gets the best results from cattle which carry about two-thirds Shorthorn and one-third Herford blood.

B. J. Erwin, Douglas, Wyo., marketed two year old range-bred steers weighing 1045 lbs., practically the same weight as the average three year olds from the same range; and the steers of the Fiddleback outfit by Shorthorn bulls weighed 1230 lbs. at Omaha, about 200 lbs. more than the average steers not carrying Shorthorn blood.

Wherever the Shorthorn goes we can trace its influence for good. Big, growthy, sappy steers are characteristic results from using Shorthorn bulls on the range, as elsewhere.

For Colds, Catarrh or Influenza.

Do you feel weak and unequal to the work ahead of you? Do you still cough a little, or does your nose bother you? Are you pale? Is your blood thin and watery? Better put your body into shape. Build strong! Now's the time.

An old, reliable blood-maker and herbal tonic made from wild roots and barks, is Dr. Pierce's Golden Medical Discovery. This "nature remedy" comes in tablet or liquid form. It will build up your body, cure your cold, and protect you from disease germs which lurk everywhere. One of the active ingredients of this temperance alternative and tonic is wild cherry bark with stillingia, which is so good for the lungs and for coughs; also Oregon grape root, blood root, stone root, Queen's root—all skillfully combined in the Medical Discovery. These roots have a direct action on the stomach, improving digestion and assimilation. These herbal extracts in the "Discovery" aid in blood-making, and are best for scrofula. By improving the blood they aid in throwing off an attack of influenza and act as oil on machinery.

Catarrh should be treated; first as a blood disease, with this alternative; then, in addition, the nose should be washed daily with Dr. Sage's Catarrh Remedy which can be had at drug stores.

Central Bute, Sask.—"I have used the 'Golden Medical Discovery' for a number of years and was pleased to recommend it as a blood purifier. I know it has no equal. I think my boy would not be alive today had it not been for the 'Discovery.' It is the very best medicine I have ever known. Instead of upsetting the stomach as cough syrups do, it is good for the stomach.—Mrs. Perry Wood.

Sewick, Ont.—"I had influenza so badly I was always in misery. I had liver trouble as well, and the two last got me down and out for about five years. I had many good doctors but got no relief. I took the 'Golden Medical Discovery' and before I had taken two bottles I was improved, and in less than six months I was well. I could eat anything."—Mrs. Anna Reeson, Sewick, Ont.

Your Eyes

A Wholesome, Clearing, Refreshing and Resting Eye Lotion. With regard to Canada, the limitations is not one of shipping, but of rail accommodations for distribution in Canada. The total Canadians to be moved is 272,896 and the number who have already sailed or are arranged to go, to the end of April, is 144,828.

Pte. George Patton, of the Strathcona Horse (permanent) spent Easter with relatives in Blairmore.

The W. H. Upton Drug Company has been incorporated, with headquarters at Pincher Creek and a capitalization of \$6,000.

Eighty dollars were netted from the Anglican church tag day on Saturday last for the benefit of St. Dunstan's school for the blind.

A charge of attempted murder has been laid against Detective Pat Egan in connection with the shooting of W. S. Wong, a Chinaman, recently.

A grand dance was started in Frank under the auspices of the Bohemian Society on Sunday afternoon last. When morning broke it was Tuesday.

Our national debt has run from \$46 a head in 1914 to \$270 a head today. The best way of meeting obligations is by exporting more and importing less.

Canada imported over \$400,000,000 worth of goods or products from the United States last year. The Canadian Trade Commission thinks that by a little effort these could be produced in Canada.

The members of the committee in charge of the Oddfellows' annual ball desire to publicly thank the ladies and others who lent assistance towards the success of their annual celebration.

A Cleveland woman says: "Now that the men have been taught to cook and keep house in the army, they should go ahead and cook and keep house definitely, leaving women free to reform the world."

Pte. William Patterson, son of Mr. and Mrs. Peter Patterson; Sgt. James Turner, son of Mr. and Mrs. Samuel Turner, and Pte. Rennie Gresham, son of James W. and Mrs. Gresham, will arrive in Blairmore about Sunday morning.

Mr. Anderson, who last week reached Cranbrook by auto from Tacoma, Wash., states that if the Crow's Nest Pass route is made the national highway that thousands of touring parties would come this way from the Pacific States to the prairies of Western Canada.

Jack Kearney, who looks after the insurance of the bulk of the citizens of Western Canada; and who has headquarters in Winnipeg, is in town this week end. Jack and ourselves lapped from the same well away down in Newfoundland's years, and years ago.

Notice is given in the Canada Gazette that the Canadian Pacific Railway Company will apply to parliament for an act authorizing it to establish, maintain and operate services by aircraft between such points within or without Canada as may be found desirable.

J. Menard, formerly on the managing staff of the West Canadian Collieries here, who has been overseas since 1914 as interpreter for the British and French governments in France, recently joined the army of benedict. Mr. and Mrs. Menard are expected to arrive in Canada shortly.

Now that work is a little bit slack at the mines, what an opportunity is offered for gardening. There is no reason why Blairmore could not raise sufficient of staple vegetables to be independent. The experiment of the past two years has proven our possibilities along these lines.

The Oddfellows' ball on Monday night was a real success, and was attended by two hundred and sixty people. Music was rendered by Professor Anderson's orchestra. Supper tables were set on the stage where in four sessions all were comfortably accommodated without a suspension of dancing.

Miss Jewel MacDonald spent Easter with Miss B. Pinkney.

Cecil Gower has purchased a fruit ranch near Creston, B. C.

EIGHT MILKING COWS FOR SALE—Apply to C. Winkens at Frank.

GIRL WANTED for General House Work—Apply to Mrs. W. H. Chappell, jr., Blairmore.

Canada produced in 1917 fifty-five per cent. of all the sheepskin, forty-two per cent. of all the 4.5s, and twenty-seven per cent. of all the six inch shells used by the British army.

All Oddfellows are reminded of the annual church service to be held at Bellevue on Sunday evening next, under the auspices of Bellevue L.O.O.F. Lodge. Members will assemble at the Oddfellows hall at 7 o'clock sharp and march to the Methodist church, where service will be conducted by Rev. Bro. Harry Peters, commencing at 7:30 sharp.

The Oddfellows were favored with a fine day on Sunday last for their annual church parade, and about seventy members of the order turned out. After marching west to Greenhill gardens, return was made to the Union church, where service was conducted by the Rev. W. T. Young. Music at the church was rendered by the Union orchestra, while the Coleman town band led the procession through the town.

Alex. Morency received a letter from a Calgary junk firm last week offering him six cents a pound for any old junk mixture. He immediately got busy, and inside of five hours had a C.P.R. box car on the way to Calgary loaded by the eyes brows with tin cans, false teeth, corset-bucks, hat pins, bottle covers, watches, Chevrolet engines and axels, lead pipe, spectacles, tennis shoes, stove pipe, codfish, splitting knives, galvanized iron scraps, ink bottles, cigarette holders and other baby comforts, door keys, bottle openers and bottle caps, coal oil lamps, cartridge shells, hot-air radiators, pocket knives, rolling pins and safety razors. On arrival of the car in Calgary, the following message was sent to Morency:

Calgary, April 21
Car junk in good condition. The two Fords will be sent you as soon as parts are gathered in place.
Calgary Junk & Hide Co.

Mike Reese has sold his refreshment parlors in Chin Hing.

The Lethbridge Y.M.C.A. gives free membership to boys fourteen years and under.

WANTED—To buy 50 or 75 hens. Apply by phone or personally to Eastern Star Lodge, Blairmore, Mrs. E. Kidd.

The people of Frank and Bellevue say: "The wind bloweth where it listeth."

HATCHING EGGS—Barrons Strain S.C.W. Leghorn \$1.50 per Setting, \$9.00 Hundred.

Mrs. M.A. Murphy, Cowley, Alta.

Mr. and Mrs. Griesbach are taking up residence in the house recently occupied by G. A. LaVoie.

A friend of ours just called up and asked if Putnam is an Irishman. No, dear friend, he is not. He simply enjoys a spring clean-up and is painting his Woolworth building on Seventh Avenue to match the green watercoats of his stenographical staff and his own necktie.

NOTICE TO CREDITORS

In the Surrogate Court of the Judicial District of Swift Current

IN THE MATTER OF THE ESTATE OF ALLAN McDONALD, late of the Postal District of Shookleton, in the Province of Saskatchewan, Farmer, Deceased.

NOTICE IS HEREBY GIVEN that all persons having claims against the above named estate are required to send full particulars of such claims, and of any security held therefor, verified by Statutory Declaration to the undersigned Solicitor, on or before the 30th day of June, 1919, after which date the Administratrix will proceed to distribute the assets of the said estate among the parties entitled thereto, having regard only to such claims of which she shall then have notice, and shall not be liable for the assets so distributed, to any person of whose claim she has not had notice on said date.

DATED at Cabri, Saskatchewan, this 19th day of April, A. D. 1919.

JAMES ROBINSON,
Cabri, Sask.,
Solicitor for the Administratrix
MARY ANN McDONALD.

Buy War Savings Stamps.
Nova Scotia veterans have decided to hold church parade on Easter Sunday annually.

Miss H. Gavell spent Easter at home and returned to Grammon on Monday night.

The regular meeting of the local G. W. V. A. will be held at Frank on Sunday at 2:30 p.m., at which the badges will be distributed.

Rumor has it that a company is being formed with a capital of \$300,000 for the purpose of erecting a modern picture theatre on Victoria Street.

Mr. and Mrs. R. J. Crooks, of Frank, went to Calgary this week to meet their brother, Private Rollo Crooks, of the 10th Battalion. Private Crooks will spend a few days in Frank before going to his home in Vancouver.

Drunks are hereby notified that they are not to do any sidestepping or yelling when passing down the lane between Fifth and Ninth Avenues, as a large number of old hens live in that locality, some of which are setting.

Six sets of triplets and 376 sets of twin children were born in Cleveland, Ohio, last year. Altogether 12,445 children were born in Cleveland during the year, thirty-five more than during the preceding year.

Brig. General Griesbach warns returned soldiers to go easy on their demands on the government for a time, mentioning that the national debt was huge and that there should not be too many demands upon the resources of the country.

The organization of the miners of Nova Scotia as a district of the United Mine Workers of America will commence on June the 1st. On that date the A.M.W. goes out of existence and the election of officers and other business of the U.M.W. will be arranged for.

A striking fact in connection with recruiting is mentioned in a recent speech of Sir Auckland Geddes. Of ten thousand men and boys employed by London newspaper offices, five thousand joined the army, and at the moment of the armistice being signed there were not thirty men fit for general service in all the London newspaper offices.

Life is Really Life in the Creston Valley

This week we are in receipt of a long letter from the ever optimistic Joseph Handley. Mr. Handley left Blairmore but recently, being led by the call of the boosters of the beautiful Creston Valley, where he and his family now reside.

Joe would like to be remembered to all his old friends in this city, and expresses the hope that we may never die or retire before

bedtime. He states that he is right into farming with both feet and hopes to do a lot towards keeping this portion of the Creston fruit and vegetable market supplied.

Joe is worrying some over blisters on his hands and epistles on the parlor table. "Twas long before leaving Blairmore that he had dreamt of being the possessor of an automobile, and it was through

persistent study of what is said in those instruments of transportation in the Bible that Joe is today the owner of a machine, the picture of which we are pleased to reproduce here. Everything appears to be up-to-date around Creston, and judging from the appearance of Joe in the picture, all the pleasures have not yet been extracted from that ancient specimen.
